Quest Migration and Management Solutions
for Exchange 2007

Is your organization looking for the right solution to migrate to Microsoft Exchange 2007—and the tools to effectively manage this new Exchange environment?

Quest Software has migrated more than 10 million mailboxes to Exchange and is committed to securely and reliably migrating users to the new Exchange 2007 platform. Quest's expertise in migration and management, combined with Exchange 2007, ensure that your organization will have a stable, secure and manageable e-mail platform.

Quest's migration and management solutions cover the entire messaging lifecycle—from planning and analysis, through migration and ongoing management. These solutions can help your organization control costs, decrease complexity and reduce the risk of compliance in its corporate messaging infrastructure.

Quest offers a total solution—one that doesn't impact your bandwidth and is simple to deploy and intuitive to use. From migration through management, Quest can maximize your investment in Exchange 2007.
